

## Sunday Rock North 'n' South

BY DOROTHY AYERS  
262-2455  
Congratulations to Mr. and Mrs. John R. Long on the arrival of Jenny Lynn on Aug. 5.

Sorry to have to report that Mrs. Evelyn Regan is in Hepburn Hospital, Ogdensburg.

Ken and Retha McDonald were called to Gouverneur by the death of Retha's brother-in-law, Bruce Bailey, who died in Roswell Park Hospital. Retha lost two brothers-in-law within ten days and her brother a few months ago. We all extend sympathy. The McDonalds are good "summer" neighbors.

AFC Timothy Regan has been home from Little Rock AFB for a 30 day furlough with his parents, Harold and Donna Regan. On August 10 Tim left from Maguire AFB, N.J., for a three year tour of duty at Fairford, England. Donna Regan, Julie Ragan, Theresa LaPoint and Robin Thomas drove down to Maguire with him to see him off for England.

Susan Matthie, East Hill, left Aug. 20 for Syracuse and induction into the U.S. Army. She expects to go to Ft. Carson, Colo. for basic training.

Congratulations to our Colton Fire Department for winning a first for marching without a band, at the West Potsdam Firemen's Field Day.

At the Aug. 11 meeting of the Colton-Pierrepont School's Board of Education all members were present plus Superintendent of schools Richard Kelly, high school principal Norman Whyte, Mrs. Theresa O'Gorman, elementary school principal, teachers involved with the gifted and talented presentation, Candice Skiff, president of the CTA, and other interested persons.

David Armstrong was appointed to fill the vacancy on the board until the next annual meeting and election. Mr. Kelly administered the oath of office and Mr. Armstrong was seated.

Mrs. Kathy Paul presented a petition signed by approximately 200 people which read: "We the undersigned, all being taxpayers and or qualified voters of the Colton-Pierrepont School District, do hereby petition the Board of Education to rescind the motion of June 18, 1979 whereby all student earned senior class trips be canceled after the fourth Tuesday at 7:30 p.m.

"We also petition the board to authorize our students the use of the school facilities for the purpose of raising money to finance senior class trips. The amount being raised shall determine the length, destination and other details of such trip. It seems that nowadays in our society, it is becoming

more and more popular to "get something for nothing." However, we believe that our students deserve the right to work for their trip and thereby experience the education learning process and the responsibilities that are a result of planning the entire project. We are opposed to the students being given a "free ride" on class trips that are substituted for senior trips and using an excessive amount of taxpayers' dollars."

There was open discussion regarding the senior trip.

It was voted that the senior trip be reinstated with the following stipulations:

All students in Grade 12 shall go; there shall be no point system or fine system; the trip shall be of educational value; the students have to make all class members work; the trip shall be totally paid for by the class.

Mrs. Mary LaGarry received a two year probationary appointment as secondary math-science teacher effective Sept. 1.

Miss Diana Steel was appointed on a per diem substitute basis to teach grade one for the 1980-81 school year.

Norman Whyte was appointed to serve as acting Superintendent in Mr. Kelly's absence.

The resignation of Marilyn Sullivan, Physical education teacher, was accepted with regret.

The Board approved the gifted and talented project for 1980-81 and also approved adoption of the Title IV Project "Resource Allocation Plan - Improvement of Basic Skills" for 1980-81.

Jim Fisher tells us that they use a hummingbird feeder outside their dining room window and they see two and three at a time feeding. Ever hear of a "mean" hummingbird? Me neither, but he has one and it chases the others away.

Any one from here attending the State Fair in Syracuse should look up Andy Covert in the Youth Building. Andy will be our 4-H representative.

It was very considerate of the Colton Town Planning Board to change their meeting date from the third Tuesday of the month to the fourth Tuesday in order that senior citizens might attend. The Senior Racquetters meet on the third Tuesday in the evening. So now it is the fourth Tuesday at 7:30 p.m.

UMW will meet Sept. 4 at 9 a.m. in the South Colton Community Center and at 10 a.m. in the public is invited to Sarah Sevey's annual housewares party with Neva Hooper demonstrating items. Refreshments will be served.

Colton Neighborhood Center's Advisory Board will meet, Sept. 15 at 8 p.m. in Hepburn Library. See you there.

## Sewer Project Won't Cost As Much As Thought

NORFOLK — It's not going to cost Raymondville residents as much as was previously thought to take care of sewage and septic tank problems in that hamlet.

Additional federal funds are available to assist with a projected solution, and so the cost to homeowners will be less than was reported at last month's town board meeting.

The solution, proposed by Tisdell Associates, Canton, would be to replace existing standard individual septic tanks with eight large tanks serving clusters of homes.

Annual charges to homeowners would be \$157 to \$203, not \$222 to \$296, as originally announced. Of the total, \$49 to \$65 would be for operating charges and \$108 to \$138 would be for debt services.

The project would cost an estimated \$2,113,000. Federal funds would pay for \$1,721,000. The state would pay \$65,000. Raymondville residents would pay \$327,000.

In a related matter, the town board authorized Town Supervisor Edward Ferguson to submit a preapplication for federal assistance for a water district improvement project.

The preapplication, totaling \$888,000, will be submitted to the Farmers Home Administration.

Other Business  
In other town business, Councilman James Belgarde said that the house

numbers for the hamlet of Norfolk have arrived and will soon be placed on homes.

The Town of Norfolk has been chosen as the next site for a State Police satellite station. It will be located in the basement of the Norfolk Town Hall. Renovation of the basement for this project will start shortly.

The project of installing the new heating system in the Norfolk Hepburn Library is almost completed, and is now ready for final inspection.

A Drug Awareness meeting will be held at 7 p.m. Aug. 25 in the Raymondville Community Hall. It is urged for all adults to attend this meeting.

The Norfolk Town Board accepted with regret the resignation of Walter Reimer from the Board of Appeals. A replacement will be named at the September town board meeting, scheduled for 7 p.m. Sept. 8.

Persons from the Massena Community Center have been working for four days in Louisville, Norfolk, Brasher and Massena. They painted the Norfolk Hepburn Library and also the Route 420 polling place.

The Bidley Basketball team would like to purchase a glass backboard for \$250-\$300. Supervisor Ferguson suggested that they go through the Youth Commission. If they approve it, he said, there is no reason why it can not be purchased.
